

We believe being committed to the community and taking an active role in supporting our neighbors is just the right thing to do. By engaging our local and global communities we help make our company stronger. Company-wide, we are committed to positively impacting the world around us.

Whether it's a charitable contribution, our people donating their own personal time, or a company initiative we feel this makes a difference in our community and goes to the core of our values and mission at BCCI.

Events we're involved in:

**Leap Sandcastle Classic** – Leap...imagination in learning was founded in 1979.
